

The background of the poster is a scenic landscape of rolling hills and mountains in Almería, Spain. The foreground shows a dirt road with several cyclists riding along it. The middle ground features rugged, brownish hills with sparse vegetation. In the distance, a valley is visible with a large solar farm (photovoltaic panels) and some buildings. The sky is clear and blue, suggesting a bright, sunny day. The overall tone is adventurous and outdoor-oriented.

SKODA TITAN DESERT

ALMERÍA

01st - 04th October 2026

UNLOCK
THE TITAN SPIRIT

Hello Titan,

We know that behind a future titan there are many nerves, some doubts and a lot of desire to live an adventure that will transform you.

We also know that the Titan has particularities that other races do not. In this manual we want to review them so that you have everything as clear as possible and that you arrive at the event with all your homework done.

IMPORTANT DATES

There are key dates that you should have in your head:

Registration closes: September 7th

Deadline for submission of documentation: September 7th

At the event:

- Check-in and verifications: September 30th
- Race: October 1st-4th
- Event ends: October 4th

HOW DO I GET TO ALMERIA?

Each participant must organize their arrival at the starting point of the race.

Here are the main options for arriving at the Titan Village, which will be the center of the race and will be located at the Best Oasis Tropical Hotel and the Best Mojácar Hotel, both hotels located in Mojácar.

Arrival by plane: These are the closest airports to Mojácar.

- **Almería Airport.** This is the closest airport. It is located approximately 58 minutes (approx. 80 km) from the official event hotels in Mojácar.
- **Málaga Airport.** The airport with the best international connections in Andalusia. It is located 3 hours and 15 minutes from the hotels in Mojácar.
- **Granada Airport.** Offers multiple connections and is situated about 2 hours and 40 minutes from Mojácar.
- **Murcia Airport:** A very convenient option located 121 km away. Travel time is approximately 1 hour and 30 minutes.
- **Alicante Airport:** Offers a wide variety of flights. It is 214 km away, with a travel time of 2 hours and 40 minutes.

Arrival by train: Mojácar does not have a direct train station. Closest Option: The nearest station is in Almería, located about 55 minutes from the event hotels, which has connections to the rest of the peninsula.

High-Speed Train (AVE): For those preferring the high-speed rail, the closest stations are Murcia (1h 20 min), Granada (2h 20 min), and Alicante (2h 30 min).

You can check the different combinations [here](#)

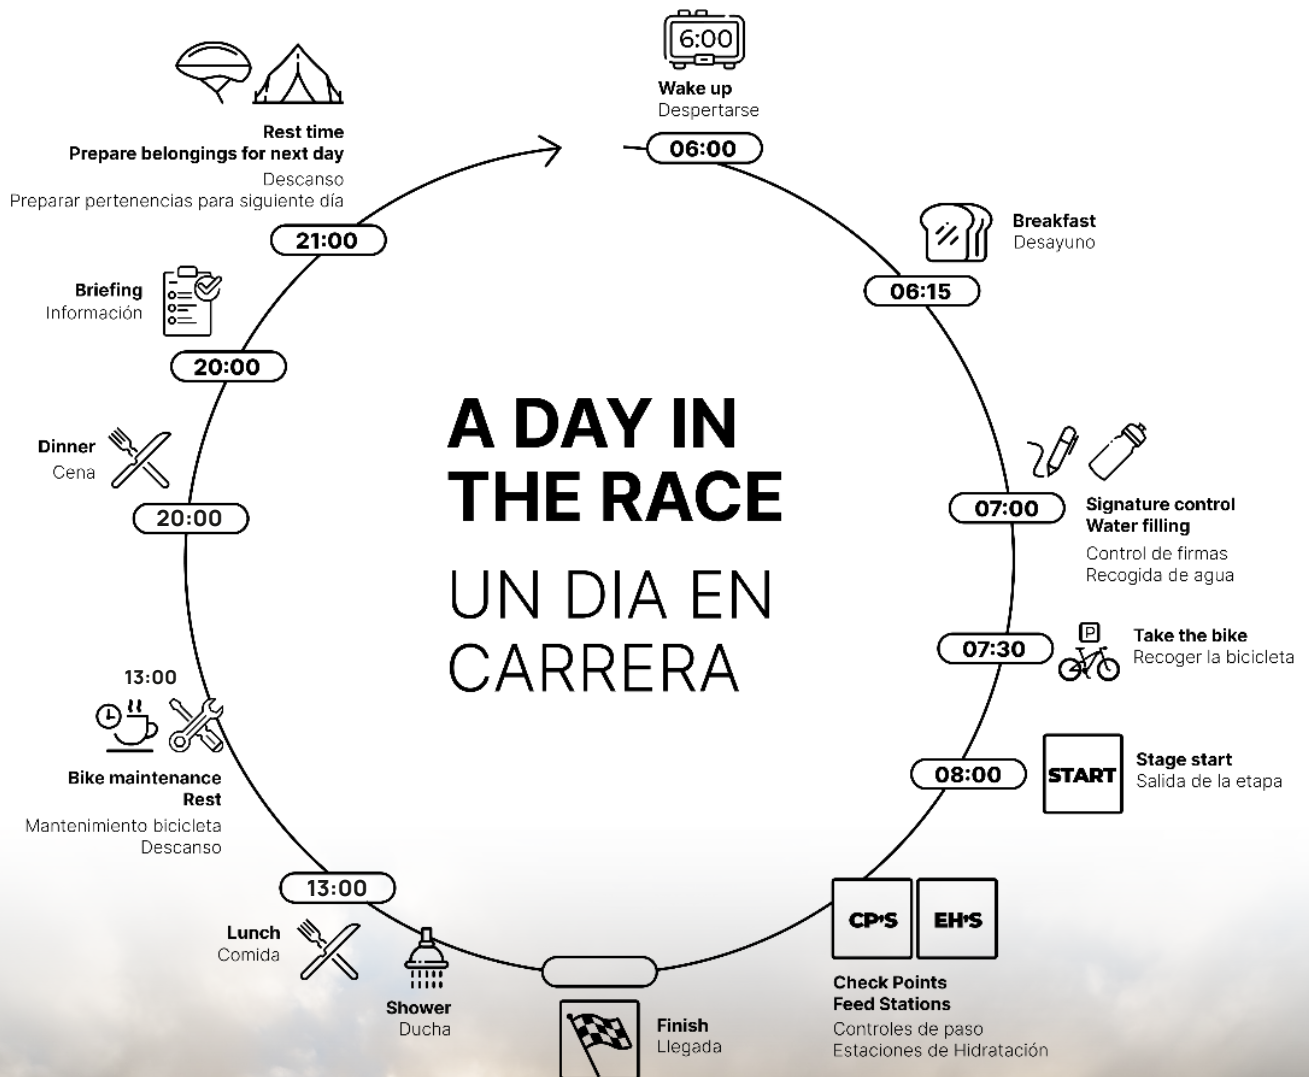

Transfers from airports or train stations: There is the possibility of hiring transfers through the organization from the different airports mentioned in the previous point.

If you need more information, write to us at info@skodatitandesertalmeria.com.

Arrival by car: Almeria (Mojácar) is very well connected to the rest of Spain. In case you come with your car, both the Hotel Best Oasis Tropical and Hotel Best Mojácar offer parking areas and private parking facilities. You will be able to park your vehicle with total convenience throughout the days of the race.

WHAT IS A DAY LIKE IN THE SKODA TITAN DESERT ALMERIA?

WHERE AND HOW DO I SLEEP?

One of the defining features of the Titan is that all participants share the same living spaces. For the Škoda Titan Desert Almería, there are two official hotels: Hotel Best Oasis Tropical and Hotel Best Mojácar. Both offer double rooms and provide physiotherapy, spa, participant support, medical assistance, and transfer services. Please note that daily briefings will be held at Hotel Best Oasis Tropical; however, both establishments are adjacent, ensuring easy movement for all participants.

Hotel assignment will depend on the preference selected during registration and hotel availability. Should a hotel reach full capacity, a strict order of registration will be followed. The organization reserves the right to adjust this criteria in exceptional cases.

Furthermore, should you wish to extend your stay with extra nights pre-event (27/09 - 29/09) or post-event (04/10 - 06/10), a 10% discount is available at either of the two official hotels. This offer is valid by booking directly through their websites using the promotional code: TITAN26.

Both hotels will provide physiotherapy, participant support, and medical services.

PHYSIOTHERAPY AND MECHANICAL ASSISTANCE SERVICE

Many of you want to live the Titan to the fullest and leave nothing to chance.

We have an official physiotherapy service offered by Masquebici, which must be contracted when registering or in your private corner.

On the other hand, for the mechanics service there are external companies that offer their services in the career. You can check all of them [here](#).

To hire their services you must do it directly with them.

ROUTE

The race consists of 4 stages in which the province of Almería is cycled. The route changes every year and combines different types of terrain, with predominating tracks and areas without technical difficulty.

Stage 1 – Mojácar-Mojaácar 73Km - +2.053M

Circular stage that begins on flat terrain to Turre. From there, two important climbs are faced in the Sierra de Cabrera, followed by a technical descent to the sea. The route ends with a spectacular stretch along the coast, first on a track and then along a cliff path with the Mediterranean on the right.

Etapa 2 – Mojácar-Circuito de Almería
74Km - +1.650M

Stage that starts with a fast section before facing the climb to Bédar, including a passage through greenway and a tunnel. It continues with a long ascent through the Sierra de Cabrera, passing by a Buddhist temple and reaching a ridge overlooking the sea. Afterwards, a technical descent leads to El Chive, followed by tracks between olive trees to the Circuito de Almería, where it ends in an uphill. Return to Mojácar in buses of the organization.

Etapa 3 – Circuito de Almería-Circuito de Almería
100Km - +2.286M

Circular stage with start and finish at the Almería Circuit, combining fast tracks and ramblas. The highlight is the long climb to the Alto de Velefique, with almost 1000 m of elevation gain, followed by a rocky and technical descent. The return is made on tracks to the circuit. Round-trip transfers from the circuit by bus.

Etapa 4 – Circuito de Almería-Mojácar
60Km - +670M

Stage back to Mojácar that starts at the Circuito de Almería, crossing fast tracks between solar panels to Sorbas. After a short stretch of asphalt, you descend through a quarry to the Aguas River. From there, the route combines tracks, trails and sections along the promenade until it reaches the sea. One-way transfer to the circuit by bus.

The official route will be announced later and can be consulted on the [website](#).

REGULATION

It is important that you know the regulations of the race because that is where all the sports information of the race is reviewed.

You can check it [here](#).

MANAGEMENT OF THE PARTICIPANT'S AREA

From the time you register until the closing of registrations, there is a space on the website that is important for you to know.

This is the [participant's area](#) where you will have your private corner, there you can edit your registration data such as the name of the team, type of registration, or even hire new services and products that go on sale.

To access it you must enter your email and locator. The locator can be consulted in the proof of registration you received when you registered.

Rock  **sport**
.com

This will also be the space where we will ask you to upload the mandatory documentation:

Medical certificate

All participants must present in their personal profile the medical certificate that verifies the participant's capacity for the test. The organization provides the official model that can be downloaded [here](#).

You must submit in order to participate before September 7.

OFFICIAL STATEMENTS AND WHATSAPP CHANNEL

During this time we will be sending you communications with the news of the race and some important reminders.

In order for this information to reach you, it is very important that the email address you have put in your registration is one that you check frequently. If you want to change it, you can request it by sending an email to the info@skodatitandesertalmeria.com.

In addition to sending you communications, the official communication channel is WhatsApp that you can already join. Communications and other information will also be sent on this channel prior to and during the event.

It is **VERY IMPORTANT** that all participants join the channel. Access the channel through the following [link](#).

LOGOS

Many of you want to share the challenge with your friends, many others want to make equipment for this challenge.

Access this [link](#) to download the logos of the test.

CANCELLATION AND WARRANTY

We know that the last thing you're thinking about is the idea that you won't be able to take part in the race, but sometimes unforeseen events happen that we don't count on.

To request the cancellation, you must write an email to info@skodatitandesertalmeria.com to request cancellation. In the event that the total or partial refund of the registration fee is applied, you must confirm that the card with which you paid is still active. If you paid different amounts with different cards, also indicate if they are still active.

CONTACT

If you have any questions, any questions or want to ask anything, we have a team that is at your disposal to help you with whatever you need.

You can contact us through any of the following channels:
